**Otto Neumaier** (Paris Lodron Universität Salzburg)  
**Steve Russ** (University of Warwick)  
**Peter Simons** (Trinity College Dublin)  
**Christian Tapp** (Ruhr-Universität Bochum)  
**Marta Vlasáková** (Filosofický ústav AV ČR)

SEPTEMBER

23 - 24, 2024

ACADEMIC  
CONFERENCE CENTRE,  
HUSOVA 4A, PRAGUE 1

Bernard Bolzano's contributions span a number of fields ranging from mathematics, logic and theology to political philosophy and aesthetics. The aim of the Bolzano in Prague 2024 conference is to bring together both Bolzano researchers and students interested in his wide-ranging oeuvre, with a special interest in research that places it in context.

# Call for Abstracts

We welcome submissions of abstracts of 300-500 words for both medium talks (up to 25 minutes) and short talks (up to 15 minutes). These should be written in English, be suitable for blind review and be sent in pdf format to [pragmatika@flu.cas.cz](mailto:pragmatika@flu.cas.cz).

**DEADLINE FOR SUBMISSIONS:**

**31 MAY 2024**

**ACCEPTANCE NOTICE:**

**21 JUNE 2024**

The conference is organised by the Junior Star project PragMatika (GA ČR 23-06540M). There is no registration fee to attend the event but, due to the capacity of the venue, attendance will be limited to those who register, with priority given to people whose study or research deals with Bolzano. We particularly encourage contributions from early-stage researchers and graduate students, who can apply for a bursary covering their accommodation and, to a certain extent, travel expenses.

The registration form and information about the conference can be found at:
